

Worry-Free Security Solutions: Client Server Security for Small and Medium Business 3.5

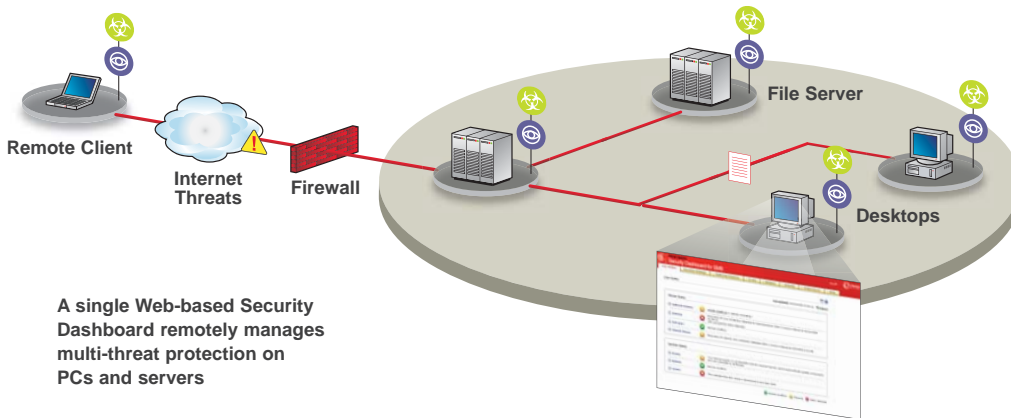

Integrated Protection from Spyware and Malware

Trend Micro™ Worry-Free Security Solutions automatically protect data and resources against increasingly sophisticated Internet threats, 24/7.

Trend Micro™ Client Server Security for Small and Medium Business helps businesses:

- Protect confidential data from theft or modification
- Keep office computer and networks threat-free and available
- Prevent spyware from distracting employees and harming productivity

When tested against competitors, a similar Worry-Free solution requires less time and effort to deploy to PCs, and Microsoft™ Windows™ servers.

Protection Type

- Software

Protection Location

- PCs/laptops
- Microsoft™ Windows™ Servers

Threat Protection

- Anti-Spyware
- Antivirus

*“Trend Micro’s automatic threat prevention, protection and remediation capabilities were extremely effective and required **zero user intervention.**”*

— West Coast Labs
Evaluating Client Server
SMB Solutions, May 2006
